Acrowire and BA Insight Join Forces to Deliver Technology Solutions in the Legal Market

Charlotte, N.C. (June 04, 2015) – Acrowire, a strategic business and legal technology consulting firm, has announced its partnership with BA Insight, provider of software that accelerates and future-proofs the creation of SharePoint portals. This strategic alliance will maximize the delivery of legal services through both best-in-class SharePoint development and design solutions and an extensive legal-focused software portfolio.

BA Insight delivers content connectivity/classification software and user experience applications to the legal market including: Matter Comparison, User-Generated InfoSites, Enhanced People Search, Auto-Classification, Smart Previews and secure connectivity to practice management systems including Aderant, Worksite/iManage, Elite, and PLC/PracticalLaw.

"What makes this partnership unique is that we can now offer our legal clients a comprehensive software and services portal solution that meets the needs of the evolving industry. We have created an opportunity for legal to access custom technology solutions alongside innovative software," states Ted Theodoropoulos, president of Acrowire.

"This partnership is built upon the core competencies of two insightful, passionate organizations recognized for their expertise in the development and application of technology that helps our mutual legal customers take advantage of their collective knowledge, greatly improving productivity. Together we provide the broadest and deepest set of solutions to the legal industry," said Massood Zarrabian, CEO and Chairman of BA Insight.

Both Acrowire and BA Insight will be speaking and exhibiting at this year's International Legal Technology Association (ILTA) SharePoint Symposium in Baltimore, MD June 9-10. You can learn more about this partnership and SharePoint legal solutions at booth #33.
