Acrowire Qualifies for the Microsoft Cloud Accelerate Program

Legal technology and Six Sigma consulting company earns distinction through demonstrated technology success and customer commitment

Charlotte, N.C. (Nov. 21, 2013) – Acrowire, a legal technology and Six Sigma consulting company, today announced that it has qualified as a member of the Microsoft Cloud Accelerate program by demonstrating its ability to meet Microsoft’s customers evolving needs in today’s dynamic cloud marketplace.

To qualify for the Cloud Accelerate program, partners must successfully demonstrate their cloud services expertise through rigorous sales and technical assessments and ensure the highest quality of services. Microsoft requires customer references to demonstrate successful customer implementations and satisfaction.

Acrowire has a strong history of combining cloud-based technologies with a Six Sigma level of discipline for optimal business process improvement. By converting to cloud-based solutions, law firms realize improved control over IT, increased scalability, reduced costs and downtime and enhanced client relationships supported through faster connections and access anytime, anywhere. The company’s recent deployment of Microsoft Office 365™ for [The Hunoval Law Firm not only improved the structure of all communications for the firm but prevented redundancies and made disseminating information across the company simplified and more effective.](#)

“For law firms, the question is no longer ‘Should we move our business to the cloud?’ It is ‘What is the best approach for maximizing business value by using the cloud?’ Joining the Cloud Accelerate Program showcases our expertise in today’s cloud technology market and demonstrates our knowledge of Microsoft’s cloud solutions. It is a valuable step that underscores our ability to further our clients’ business priorities and vision,” said Ted Theodoropoulos, founder and president of Acrowire.

“Attaining the Cloud Accelerate Badge demonstrates the partner’s ability to implement solutions that solve today’s customers’ business challenges utilizing cloud services,” said Jon Roskill, corporate vice president, Worldwide Partner Group at Microsoft Corp. “By joining the Microsoft Cloud Accelerate program, this partner has proven its understanding of Microsoft cloud technologies and is poised to drive business opportunity in today’s cloud era.”

The Microsoft Partner Network helps partners strengthen their capabilities to showcase leadership in the marketplace on the latest technology, to better serve customers and, with 640,000 Microsoft partners in their ecosystem, to easily connect with one of the most active, diverse networks in the world.
